

### Special Symposium Session 3

EJNMMI at EANM'23

Monday, September 11, 09:45 – 11:15

#### Session Title

**You, the EANM and the EJNMMI**

#### Chairpersons

**Xiaoli Lan** (Wuhan, China)

**Cristina Mueller** (Zurich, Switzerland)

**Weibo Cai** (Madison, WI, USA)

#### Programme

09:45 - 10:00 **Arturo Chiti** (Milan, Italy): Setting a world stage for the EANM Journal: a voyage through 50 volumes.

10:00 - 10:15 **Ignasi Carriò** (Barcelona, Spain): Ethics and metrics of scientific publication: what you should know.

10:15 - 11:15 **Charting Your Path in Nuclear Medicine: The Imperative of Publishing High-Quality Papers.**  
Discussion with winners of EJNMMI best papers 2022, young scientists from different continents and attendees.

#### Educational Objectives

1. Acquire knowledge on the ethical requirements in scientific publications.
2. Understand the basic concepts of metrics used in scientific publications.
3. Discuss how publishing good scientific papers helps in building a profession.

#### Summary

The session will introduce the EJNMMI with a brief historical view over the first 50 volumes. The history will underline the strong ties with the EANM and the EANM congress. A second talk will introduce attendees to the ethics aspects of scientific publications and the methods used to rank Journals, like Citations, Impact Factor, H-index.

The third part will be an interactive session with junior scientists, representing the worldwide audience of the EANM congress. During the session, awardee of the EJNMMI Best papers will have the chance to share their experience in scientific publishing.

#### Key Words

Scientific writing, publications, career, nuclear medicine, scientific journals
